## THE OFFICIAL HARBORMASTER UPDATE — DALE

You know, for the last 24 years I've been sending boaters away to visit other "boater destinations". It occurred to me that our very own Cap Sante Boat Haven, in scenic Anacortes is now, in fact, a prime boating destination. Right here in Anacortes we have all of these fun boating activities for boaters:

**Entertainment** – Every weekend you can find several musical entertainment choices here in Anacortes. Numerous locations, such as the Heart of Anacortes, Majestic Inn, Rockfish Grill, Watertown Pub as well as our very own Summer Concert Series (free to all) starting on Friday, July 22<sup>nd</sup>.

**Great food** – You'd have to stay a whole month in order to have enough time to sample all of our great restaurants in Anacortes. You can start with our new Anthony's Seafood Restaurant right here in Cap Sante and then everything else is a short walk from here. Our local commercial fishermen also sell fresh seafood right from their boats. So many choices and so little time.....

**Outdoor activities & parks** - Anacortes is known as a city of parks. We are surrounded by two parks here in the marina and harbor is bordered by the scenic "Tommy Thompson Trail", a seven mile converted rails-to-trail that is paved and takes you out across the railroad trestle on Fidalgo Bay to March's Point – very scenic and relaxing.

**Museums and Library** – The City of Anacortes has an outstanding new library (only three blocks from our marina) as well as two museums, all within easy walking distance.

**Shopping** – Local Anacortes shopping covers a broad selection of fun shops like: Quilt Shop, bookstores, art galleries, antiques, clothing, beauty salons, gifts and curios, and the oldest marine hardware store on the west coast!

Our marina is an easy drive from anywhere in the northwest, so family and friends can quickly meet you here for some fun time on the boat and then (just as quickly) take off and go back home. To top it off, we are centrally located for a relaxing "day-trip" to anyplace in the San Juan Islands. You can keep your trips "short and sweet" without the hassle of preparing for long drawn-out ventures and if the weather turns sour.... just come back the next weekend!

Really now, what other boating destination offers all this and more? Come stay on your boat, there's always something fun happening at Cap Sante Boat Haven! Hope to see you soon - Dale
